Gentlemen:

The June 5, 2009, letter service cancellation of the work/rest agreements listing in the attachment stated:

"If your general committee is actively pursuing ratification of the proposal distributed on May 22, 2009, you must notify us of the locations where the proposal is being considered prior to the cancellation date listed on the attached cancellation schedule."

In confirmation of our June 8, 2009, conversation, the cancellation of all BLET work/rest agreements will be delayed until July 8, 2009. After ratification and prior to the new cancellation date, the parties will review the listing to determine which locations with work/rest agreements will take the option to convert to Attachment A or B, whichever is applicable, and those work/rest agreements will remain in place until the software is available.

Sincerely,

A handwritten signature in black ink that reads "KJ McGinn". The letters are cursive and somewhat stylized.

K. J. McGinn
